

CIRCLES OF RESPONSIBILITY

Godly concern becomes **sinful worry** when:

- Your thoughts are focused on changing the future.
- Your thoughts are unproductive (just caught in the spin cycle, going around).
- It controls you instead of you controlling it.
- It starts to damage your body.
- You start losing hope instead of finding answers.
- You shut down and stop functioning.

Godly dependence becomes **sinful apathy** when:

- You don't steward family, friends, finances, and faith.
- You blame God or others for your lack of sanctification.
- You keep making excuses for laziness spiritually.
- You grieve or quench the Spirit when you know the right things to do.
